Monthly Report for September 1994

## Three years IMPACTING a Nation

By Philip Tyson,

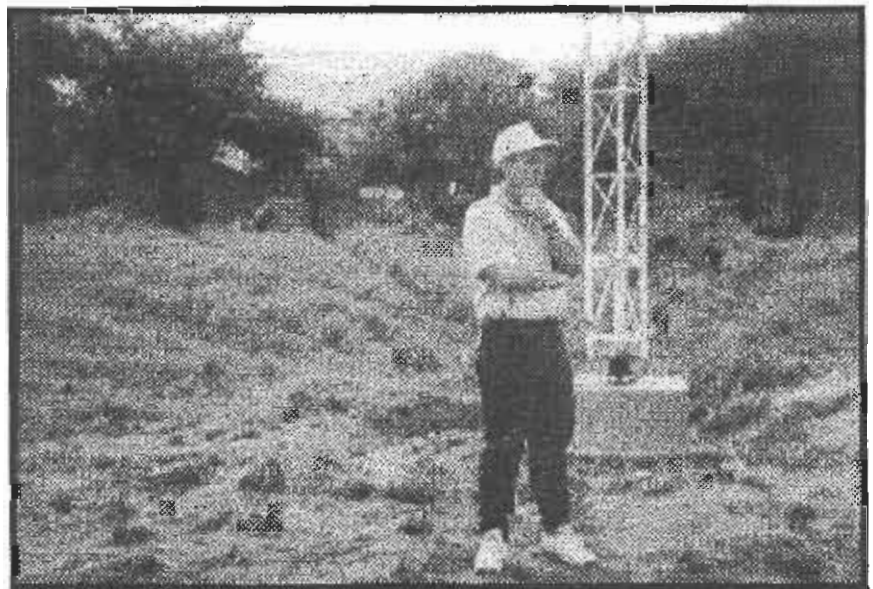

As our third station tower was going up, I stood in amazement when I thought of the millions of people that would benefit from this AM station. I had told many people that I would never build an AM station because of the cost and the trouble. I guess what changed my mind was when I found out how many people did not have FM radios in their home. No one said that serving the Lord would be easy and our goal is to reach the lost so if AM was the only way then that's the way it would have to be.

Now everything is finished and our project has been reached. I can now sleep with assurance knowing that **ALL** people have the opportunity to listen to the preaching of God's Word. **Three years have passed, three stations have been built. Six million people with a hope of Salvation.** If God's people would come together as a family without fighting between one another with one purpose, to win souls for Christ, every person alive would have the opportunity to hear the Word of God. **The Bible says "How will they HEAR without a preacher".** Now is the time to call out from the highest mountain that Jesus is Lord.

In the last three years, we have received **thousands** of letters from listeners. Only God knows how many people have been saved.

We now have twenty two people working full time for Radio Samaritano. This is not just a job for them but a ministry because it puts them in contact first hand with hurting people who need the Word of God shown to them in a loving way.

Keep us in your prayers because as we get stronger in the Lord, the devil will do everything in his power to destroy the tool that God is using to **win the hearts of millions of Central American people.**

*Sponsor a Watt*

*\$10 = one watt*

*One watt = 100 souls*

**Bob and Joan Tyson standing in front of Phillip Tyson's new home.**

**Steve Tyson in standing to the left in front of the Studios of Radios Samaritano is San Marcos de Colon. He helps to run our network.**

For many months, we have been searching for a way that Christians in the United States could come together and support this ministry strong enough where we could think about expanding into other countries.

God has opened up a program called Sponsor a Watt. It cost our station around ten dollars to power one watt. That watt will reach approximately 100 people. For every ten dollars that you give, one hundred people will hear the Gospel of Jesus Christ. That is a very small investment to make to get the Gospel out to that many people. Remember, we will be repaid one day when the Lord returns.

Ten dollars may not sound like much, but if all Christians come together as a family, every watt will add up and we will be able to reach all of the Spanish speaking world for Christ.

If you are not a monthly supporter of this ministry, please pray about sponsoring a watt of Christian power for the purpose of reaching at least one hundred souls for Christ.

To sponsor a watt, please send in a check to our U.S. address and write on your check **SPONSOR A WATT**. You will receive monthly updates on how God is touching souls through the ministry of Radio Samaritano.

**Please make all checks out to Radio Samaritano.**

**Malcolm Sandoval is our new announcer. He is rated one of the best in Honduras.**

**Joan Tyson speaks at the Good Samaritan Highschool Anniversary which was carried live over Radio Samaritano**

**Live broadcast from Good Samaritan HighSchool Basketball Court**

**The Ministry of Radio Samaritano will be presented in the following cities during September and October:**

- Dallas, Ga
- Temple, Ga
- Newnan, Ga
- Des Moines, Iowa
- Loganville, Ga
- Chattanooga, Tn
- Lilburn, Ga
- Hackelburg, Al
- Montevallo, Al
- Gardendale, Al

## Two Electric Generators given, One To Go

In the past two months we have had two power plants given to us for the purpose of running all three stations. We need one more before we can use the two that we have. If one station is off the air because of electricity then all of them have to be off because we are a network.

Please pray that God will provide the third generator before **November 7**. On that day I will be driving back to Honduras and we are planning to carry these generators by land.

**Because of the crisis in Honduras, we only receive eight hours of electricity a day.**

If you are interested in helping us with this, we need **\$3,000.00** to buy a 8kw Diesel generator.

If you know someone that would like to donate one, please contact us at 404-459-4058.

God will repay you when He returns.

**Hundreds of letters are still being  
received by Radio Samaritano**
